SIR:

In response to the Office Action mailed October 10, 2002, please consider the following remarks regarding the above-identified application.

REMARKS

Favorable reconsideration of this application, in light of the following discussion, is respectfully requested.

Claims 1-20 are presently active in the application.

In the outstanding Office Action, Claims 1-20 were rejected under 35 U.S.C. §103(a) as being unpatentable over Rider et al. (Rider) in view of Kobayashi. The drawings were also object to in the Office Action.

As discussed above, the drawings were objected to because the switches, LEDs, and backup power supply discussed in the specification were not shown in the drawings or indicated as "not shown" in the specification. In accordance with the Examiner's helpful suggestions, in the previously filed Amendment of October 3, 2002, Applicants have amended the specification to state that these elements are "not shown" in the drawings. Thus,
